## Stitzer Loses His Suit for a Divorce

Court Grants a Decree, But it is Based on Mrs. Stitzer's Cross Complaint. Stitzer Fails to Appear.

Homer L. Stitzer lost the divorce suit which he instituted against his wife, Eva L. Stitzer. Decree of divorce was entered in the district court today, but it was based on the wife's cross complaint and her allegations were sustained, while the husband stands convicted of abandonment and non-support. He is ordered to pay permanent alimony.

Stitzer is said to be well-to-do. His wife, whose residence is in New York City, came here to defend herself against his suit, and Stitzer was ordered to pay her counsel fees and attorney pending disposition of the action. He failed to do so, the court was apprised, and Judge Reynolds last week ordered the suit to trial on merits Saturday. Stitzer failed to put in an appearance.

The decree entered today by counsel for the wife, Marron & Wood, states that the answer and cross complaint of Mrs. Stitzer and the allegations therein are true, and are adopted as the findings of fact in the case, and finds that Stitzer, without any just cause or provocation has abandoned his wife and failed and neglected to support her in accordance with his means.

He is ordered to pay her \$60 for expenses in the suit, and to pay her \$60 every month permanently, the money to be paid by the fifteenth of each month either to Mrs. Stitzer personally or at the office of Marron & Wood.

Pelicans Lucero is granted divorce from Ecological Mandando de Lucero, for abandonment.

Mrs. Ida Thomas, through her lawyer, John Venable, has entered suit for \$5,000 damages against Victor Gustafson. She seeks to recover for injuries alleged to have been received as the result of an alleged collision between a milk wagon belonging to Gustafson and a buggy in which she was riding, at Cromwell avenue and Edith street May 16. She alleges she was bruised and otherwise injured, and that she is still suffering from nervous shock as a result of the alleged smash.

**MANN ACT MISCARIED IN CASE OF MANUEL**

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed there is a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the tube is restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Calcarum, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Calcarum that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## MORE BUILDINGS FALL IN FLOOD SWEPT PARIS

Whole Streets Cave in and Many are Injured. City Without Light, Water or Gas as Measure of Precaution.

**[By Leased Wire to Evening Herald.]**  
Paris, June 16.—Several more buildings collapsed in various parts of Paris today owing to subsidence of the soil caused by yesterday's terrific storm, and a number of persons were injured. The list of dead known today was officially stated to be eight, but as more persons were reported missing the search of the debris was continued.

Three victims were recovered today from a deep hole at the junction of the Rue de Haye and the Boulevard Haussmann near the Saint Lazare station. The courtyard of a hotel in the Rue Pierre Charron at Montmartre fell in today, but there were no casualties.

In another locality the walls of a building under construction collapsed and two workmen were injured severely.

Parts of Paris presented scenes of devastation today with gaping holes in some of the main thoroughfares as the result of yesterday's terrific storm. The population of the entire city was deprived of water, gas and electricity, cut off as a precautionary measure against floods, explosions and fire.

Strict precautions were taken to prevent the public approaching spots where there was danger of further subsidence. Many streets were closed to traffic.

A street collapsed early today in the northern district of Montmartre behind the great cemetery, far from the other cave-in. People in the vicinity scurried away as the ground began to sink and all managed to escape.

When communication with the suburbs had been partially restored today it was learned that fruit and vegetable growers had suffered enormous damage from the storm.

Rains ceased later in the day but the weather continued threatening.

## MICHIGAN SENATOR MAKES GRAVE CHARGES

**Resolution Declares State Department Used Influence in Behalf of American Interest in Nicaragua; Bang!**

**[By Leased Wire to Evening Herald.]**  
Washington, June 16.—Charges that the United States kept its influence in Nicaragua to influence the recent presidential election, and that the state department has been acting in the interest of American bankers, contained in a resolution introduced today by Senator Smith of Michigan, were referred to the senate foreign relations committee.

The resolution charges that the state department through its control of Nicaraguan custom houses, has forced the republic to redeem at par \$8,250,000 of bonds issued by Zelaya, later repudiated, and bought in at about 25 per cent of their face value by Brown Brothers and Company, American bankers interested in Nicaraguan financing.

**United States forest station at Mineral to predict another eruption—a prediction which he confidently reiterated today.**

Lance Graham, the only victim of the eruptions to date, was brought last night from Viola to the hospital here. He withstood the fifty-mile trip well and physicians say today that his remarkable vitality will pull him through, providing blood poisoning does not develop from his side, which was filled with volcano ash during the six hours he was left to die on the mountainside, a quarter of a mile from the crater.

## SEVEN CREMATED IN A MILFORD DEATH TRAP

**Four-Story Wooden Lodging**

**House Occupied by Foreign**

**Mill Hands Burns Like Box**

**of Matches.**

**[By Leased Wire to Evening Herald.]**

Milford, Mass., June 16.—Seven men were burned to death and twenty seriously injured when eighty persons were trapped in a burning Armenian lodging house here early today. The bodies were taken from the upper floors of the house and a half story brick and wooden building. In addition to the twenty men taken to the hospital suffering from burns or from injuries received in jumping from windows, thirty suffered minor burns. The interior of the building was burned out.

The victims were laborers and masons employed at a manufacturing plant in Hopkinton. None of them had families.
